Financial Policy

Payment is required for all services at the time they are rendered. **An estimate of ALL co-payments, deductibles, co-insurances not covered by your insurance carrier will be collected up front and due on the date of service.** Failure on our part to collect these from patients may be considered insurance fraud.

When calling to confirm your appointment, we will notify you of the amount due at the time of service – this is only an ESTIMATE. Due to the possible extensive nature of some dermatologic procedures, there may be instances where additional procedures may be necessary in order to fully remove or treat your condition and/or lesion. This would result in additional fees.

To provide the best care possible, Dermatologic Surgery of the Carolinas may, on occasion, send specimens to an outside source for processing. Examples of these services are pathology and laboratory testing. Should we send a specimen to other providers, you will receive a separate billing statement from the outside pathologist and/or laboratory; these charges will be in addition to those services rendered by Dermatologic Surgery of the Carolinas.

We accept payment in the form of **cash, check, Visa, MasterCard, Amex and Care Credit**. In the event that your account must be turned over to collections, a $25.00 collection fee will be added to your account. There is a $30 fee for any returned check. Your signature below signifies your understanding and willingness to comply with this policy.

I have read and understand this financial policy statement. I agree to make in-full prompt payment to Dermatologic Surgery of the Carolinas when billed for any and all charges not covered or paid by valid insurance benefits for and in consideration of services rendered.

In addition to the above, if I am a Medicare patient, I authorize any holder of medical or other information about me to release to the Social Security Administration and Center for Medicare and Medicaid Services, or its intermediaries or carrier, any information needed for this or a related Medicare claim. I permit a copy of this authorization to be used in place of the original, and request payment of medical insurance benefits either to myself or to the party who accepts assignment. Regulations pertaining to Medicare assignment of benefits apply.
